## Product Updates

We are pleased to share program updates around the user experience for administrators, teachers, and students on mobile devices and students using a desktop computer. These completed and upcoming changes will have a profound impact.

### Completed

#### • Students:

The student homepage is now responsive to the screen size of the student's computer or tablet.

#### • Educator and student mobile device users:

We improved the experience with interactive videos scanning through videos, tapping on a selection and when accessing the menu.

### Coming Soon

#### • Student mobile device users:

The student homepage will fit on the mobile device in portrait mode along with an improved experience in landscape mode.

## Tip of the Month

Make sure your students get credit for the time worked in Ascend Math. Remind them to log out of their accounts instead of closing the web browser.
